CLASS DESCRIPTION

POWER TOTS GYMNASTICS - PROGRESSIVE SKILL BUILDING POWER TOTS

The mission of Power Tots is to consistently provide high-quality movement instruction in a fun, safe, and positive environment. Our programs are designed to challenge and educate children in multiple aspects of their lives. Fine and gross motor skills are developed and enhanced, along with the overall physical and emotional well-being of each child. Every goal is reached with the effort and execution of our belief in the "Power of a Positive Attitude." Our challenging and thorough curriculum is designed to reach our goals of increased self-confidence and a positive association with fitness and increased physical health. Our instructors will help each child set personal goals for skills that we will learn during class, and help them achieve those goals with positive results. Our certified and safety trained instructors offer your children lots of high-energy fun through positive discipline and reinforcement in a non-competitive atmosphere. All instructors undergo multiple background checks and screenings as well as meet all state requirements for child care vendors and schools. Rest assured that our programs are not only a wonderful environment for children but that all precautions and safety aspects are met to the highest of standards. Thank you for your interest in Power Tots and we can't wait to see you in class!

MUSICAL THEATER MESSAGE IN MOTION

Students will learn the meaning of a triple threat performer in this class that introduces the main components of musical theatre including voice, acting, basic music theory, and dance technique (typically musical theatre jazz/broadway style and/or hip hop.) Learn choreography and staging basics while utilizing props, role playing, and imagination to aid in personal expression and creativity! Students will learn and collaborate on mini musical routines from both old school Broadway shows like Cat and Mary Poppins, to more contemporary productions and shows like Hamilton, Annie, Lion King, and more! Students will showcase what they have learned at an end of session informal in class parent show! What to wear: Comfy clothing, (easy to move around in), with sneakers and socks. Preferably no khakis, dresses, skirts, or jeans on class days. Hair pulled back.

KARATE KAIZEN KARATE

This popular class is a disciplined introduction to the sport by Kaizen Karate. Your child will learn the beautiful art of karate while gaining safety and defensive skills in a respectful environment. The class will also emphasize the basic karate principles of focus, patience, and self-discipline. Returning students will continue to work toward new belts while first-time students will be able to start the belt program.

TENNIS TGA

TGA is serving up aces in our tennis class! We get students moving while teaching them the fundamentals of the game, important life skills, and academic lessons intrinsic to the sport. Station-based games and drills increase in difficulty as players progress through our 5-level enrichment program. Come rally with TGA! • We provide all equipment • Professionally trained, background-checked, and vaccinated coaches • Sport rules and etiquette • Discover life lessons through tennis • Learn tennis rules and etiquette • Explore academic concepts including STEAM through tennis • Low students to coaches ratio

LITTLE NUTRITION SCHOOL LITTLE MEDICAL SCHOOL

These future dieticians will learn about healthy eating habits, the food pyramid, and global foods through our nutrition workbook Asha's Magical Ride. Students will create tasty recipes and snack combinations.

CARTOONING INNOVATIVE MINDS DBA YOUNG REMBRANDTS

Does your child have a great sense of humor to compliment his or her artistic skills? If so, give your child the gift of learning and artistry. Your child will LOVE a Young Rembrandts™ Cartoon class. Many of our lessons will introduce students to drawing exciting, dynamic characters. Young Rembrandts™ Cartooning curriculum uses a structured stepwise format to teach students to create their own animated characters in humorous settings. We break down objects and ideas into simple shapes, then use exaggeration, caricature, and personification to playfully construct our own cartoon images. Our Cartooning curriculum develops academically relevant skills, including spatial-motor planning, mental discipline and fine motor skills, while providing a fun, enriching experience for our students. New lesson every week with six-year curriculum! Students never see a repeat lesson while enrolled from kindergarten to 6th grade.

GIRLS LACROSSE TGA

Get ready to score a goal and have fun with D1 Women's Lacrosse Coaches! Our multi-week program is ideal for all players - from beginners to experienced lacrosse players - and is designed to refine skill, achieve success, promote discovery through play and provide a pathway for students to play outside of class. Students' progress at their own pace while learning and experiencing something new in each class. All equipment provided.

LEGO ENGINEERING AMORE LEARNING

Who doesn't love building with LEGOs?!? In this class, we will build (pun intended!) upon this excitement by teaching LEGO enthusiasts about engineering - how to make a plan, execute it, reflect upon it, consider the physics of it, and make changes for next time. Tapping into our executive functioning skills, we will use our imaginations to build new innovations while learning about the classics (Eiffel Tower, Burj Khalifa, Big Ben, etc). This course will conclude with a final "showcase of learning" during which families will be invited to the classroom to see what has been learned, and maybe even to build alongside their children if they're lucky!

Camps, care, and enrichment programs designed to educate, entertain, and engage students.

CLASS DESCRIPTION

CHESS CLUB MAGNUS CHESS

Learn chess with Magnus Academy, five-time world champion Magnus Carlsen's academy! We've taught 100,000 children to play including state & national champions, but most students are beginners looking to learn a new skill and have FUN. Class time is divided between lessons and practice games. Lessons range from the basic rules to advanced tournament strategies. Students will have the opportunity to play in tournaments (in-person and online) outside of club time. This in-person club includes free online extras including weekly practice tournaments, a Chesskid Gold membership (\$69 value!), and an event with a chess celebrity. Last year's guests were World Champion Magnus Carlsen and Judit Polgar (the best female chess player of all time). All chess supplies provided. All skill levels are welcome. For more information please visit chessacademy.com.

MAGICAL MUSIC: INTRODUCTION TO MUSICAL INSTRUMENTS RED SPRINKLE

Let the music begin! In this course, students will be introduced to the exciting world of musical instruments. They will learn the basics of playing instruments such as the piano, guitar, drums, and ukulele. Through fun and interactive lessons, students will explore different musical styles and develop their rhythm and coordination. By the end of the course, they will be able to play simple tunes and even compose their own music.

SPICING THINGS UP ICOOK

Our chefs-in-training will learn how the addition of spices and herbs can transform food and provide added nutritional benefits too. Each class will highlight an herb or spice including basil, rosemary, garlic, vanilla, and cinnamon! We will make Black Bean Sliders, Rosemary Crackers, Enchiladas, and more! Our little chefs will build on their knowledge of cooking safety and the fundamental cooking techniques including peeling, breading, blending, melting, slicing, dicing, chopping and more.

SWIFTIE DREAMS AMORE LEARNING

Step into the magical world of Taylor Swift! In this engaging class, young Swifties will explore the enchanting melodies, empowering lyrics, and iconic style of Taylor Swift, the pop sensation. From decoding the storytelling genius behind her songs to unraveling the secrets of her unique fashion sense, young participants will not only groove to the tunes but also understand Swift's profound influence on the music industry. Through fun activities, interactive discussions, and creative projects, kids will embark on a musical journey, inspired by the incomparable Taylor Swift, fostering a love for music and self-expression.

TIPPI JAM TIPPI TOES

Our Tippi Jam class incorporates a mix of ballet, tap, and jazz during class time using high-energy music. Students learn choreography to multiple dances throughout the year and get to show off their moves at the end of the session. Our original music separates Tippi Toes® dance classes from all the rest and we guarantee big smiles and lots of fun every single class!

POTTERY AROUND THE WORLD JIMMY POTTER WORKSHOP

Experience the magic of winter at Jimmy Potters Workshop, a captivating after-school ceramic program for kids. We bring the professional pottery studio to your school. In our 2024 curriculum, students explore global cultures, creating winter-themed projects like Russian Fabergé eggs and Japanese cherry blossom plates through clay and paint. Our skilled artist/teachers cater to all skill levels, offering challenges for experienced kids. Join us for a winter full of creativity and joy!

3D VIDEO GAME DESIGN CODE ADVANTAGE

One of the best ways to get kids excited is to allow them to create something of their own. In class, students bring their imaginations to life in full, 3D color and create games they can play including Frogger Freeway, Underwater Diving, and Sports Games. Utilizing block coding, this class helps young learners focus on the coding concepts (not typing) to learn about loops, variables, and constructors while having a blast!
