The Juris Prudence Academy is a one of a kind legal educational program for kids ages 8-12 hosted in Washington, C. The Academy is held on a college campus and will allow your child to learn in a real college classroom! The 2.5 hour workshops will teach academy students basic legal principles in a collaborative setting, with two sessions running simultaneously. The last half hour of each session will be for awards.

The academy will be guided by a lawyer, and students will participate in a mock trial, applying the principles they have learned in the workshop. Mock trial topics are ones that will be interesting to children, such as the following:

- Should kids have the right to vote?
- Should kids be allowed to drive at a younger age?
- Should school recess be longer?
- Should kids have school on Saturdays?

We share our event registration list with this committee's co-chairs so they can keep you informed of future programs. Emails are used ONLY for WBA purposes. Check here if you DO NOT want your email shared. _____

Both women and men are encouraged to attend WBA events and join the organization as members.
